

HTL Power-Pro Torque Pump

The HTL Worldwide Power-Pro Hydraulic Torque Pump is available with a multi-tool manifold (as pictured) allowing up to four tools to be used simultaneously ensuring equal, parallel closure of flanges; alternatively the pump can be delivered with a single tool manifold. The pump incorporates a compact solenoid valve system which ensures reliability whilst remaining lightweight and portable. The highly ergonomic design ensures ease of use for the operator; ultimately increasing performance.

Features and Benefits

- ✓ Multi-tool manifold as standard
- ✓ Solenoid valve system
- ✓ Protective frame design
- ✓ Robust hand control
- ✓ Precision, calibrated pressure gauge
- ✓ Oil level sight glass

What Is Included

Each pump despatched is ready to use and complete with:

- ✓ Full calibration certificate
- ✓ Letter of Conformity
- ✓ Spare parts list
- ✓ Operating instructions
- ✓ HTL Worldwide Pro-46 Hydraulic Oil
- ✓ Twin line hose assembly (custom lengths available)

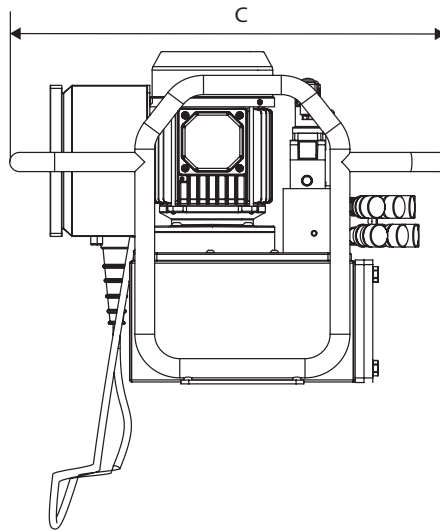

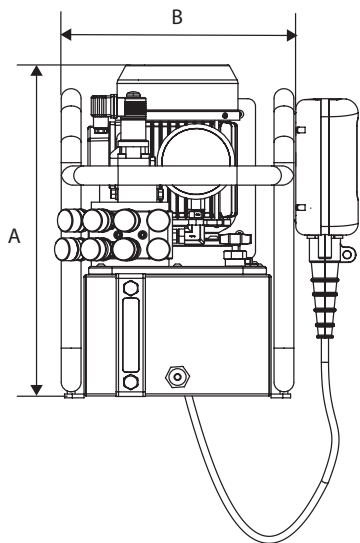

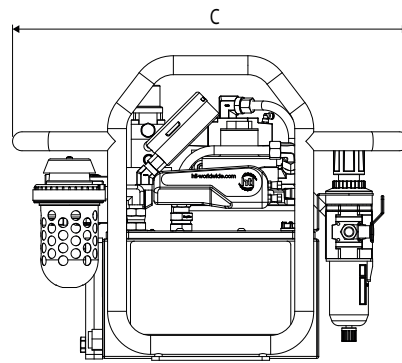

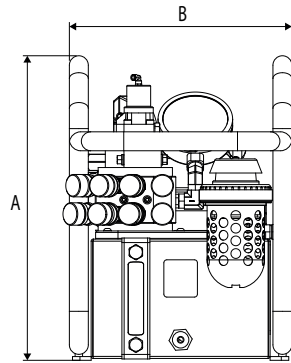

Twin Line Hoses

Twin line hoses are available in all lengths to specifically suit your needs.
